imgur.com/a/yxA0... Page 2imgur.com/a/yxA0... I can't begin to explain how good this app is, before the big update, it was fine, having all the towers unlocked, and all the time, but now... has just improved more and more! The tech tree is in my opinion, one of the best additions to the game so far, I haven't tried pvp yet, but I think it would be even better to play against friends! At first I didn't like mechs, but at that time I only had the first mech pad, but it gets better, with drones. The only downside of the app is that on the 30 ish wave the bombers start lag my iPad, but then again, this is what you get with an iPad Gen 4 /' in all I can't wait for another update, I know it will get better and better on time! Devs, he continued the good work! x Our price is lower than the manufacturer's advertised minimum price. As a result, we cannot show you the price in the catalog or on the product page.
